

October 5, 2009

Dear 5th Grade Parents and Students,

In recognition of *Fire Prevention Week*, October 4 -10, 2009, the East Brunswick Public Schools is partnering with the East Brunswick Fire Prevention Bureaus to provide prevention and protection education for our students.

We would like to ask parents and students to go onto the school district's website at www.ebnet.org and click on Fire Prevention Week. There you will find a link to a video entitled "Fire Is...". The video is broken down to five segments. Each segment lasts approximately 20 minutes. We are asking that you watch as many of the five lessons as possible with your children; you might watch one segment each night during Fire Prevention Week. At the end of the week please complete the form below, and return it to your child's teacher. This will help the Fire Marshals complete the state requirement for providing fire education in public schools.

Your feedback is very important to us as it will be used in preparation for future educational purposes. If you have any questions, please contact Fire Marshal John Talbot at 732-651-8806.

Sincerely,

John Talbot, Fire Marshal, District 1
William Johnson, Fire Marshal, Districts 2&3
