

2023 Partner in Excellence

Dr. Joyce Boley

Dr. Joyce Boley serves as Assistant Superintendent of Academics, which in her words, is her “dream job.” In 2007, she joined East Brunswick Public Schools as Assistant Principal of Chittick Elementary School, was later promoted to Principal of Bowne-Munro Elementary School, and then appointed to the Central Office Team as Director of Community Outreach and Innovation, working alongside Dr. Valeski. Prior to her tenure in East Brunswick, Joyce was an Instructional Coach, Reading Specialist, and Classroom Teacher in other New Jersey school districts.

Joyce graduated with a Bachelor’s Degree in Elementary Education from Kean University, a Master’s Degree in Reading from Rutgers University, and a Master’s Degree in Educational Administration from Monmouth University. During her tenure in East Brunswick, she embarked on a long-time goal - completing a Doctorate in Educational Leadership from Rutgers University, which she earned in 2016.

Joyce embraces the district motto of Excellence in Academics, Athletics, and the Arts and bleeds green. Joyce understands that such excellence cannot be achieved without the dedication and hard work of our wonderful East Brunswick Public Schools community. She truly values the ongoing support of the EBEPF to help make innovative ideas come to life in the classrooms of our schools! Joyce reviews each of the dozens of grant applications that are submitted to the Foundation, including some of the more recently approved grants: eSports, Themed Therapy, The Butterfly Effect Project, Ukeboxxx, and Hydroponics in AP Environmental Science.

Joyce is truly humbled to receive this prestigious award from the EBEPF in recognition of her significant contributions to excellence in the East Brunswick Public Schools. She is passionate about meeting the needs of all learners in EB and is grateful for the contributions of her strong team of administrators and innovative teachers. Knowing it takes a village, Joyce also recognizes the outstanding support provided by each and every staff member in this district. Together, we work tirelessly to enhance the educational programming being offered throughout the district, and Joyce truly appreciates the EBEPF for fully supporting our mission.

Joyce’s greatest joy in life is her family. She is a devoted wife, daughter, sister, and mother to sons Drew and Sean. She is grateful to all of her family members in attendance tonight who share this honor with her, and she thanks each and every one of you for your support of the EBEPF and this event.
