

How Students Can Submit & Verify an Canvas Assignment was Submitted:

1. After logging into Canvas (www.ebnet.org/canvas) using your EBNET Credentials, students should select the course they wish to submit or verify an assignment was submitted.
 - a. Next, scroll down the course module and find the assignment - click on the assignment to begin the process of either submitting or verify the submission of an assignment.

The screenshot shows the Canvas dashboard interface. On the left is a navigation sidebar with icons for Home, Account, Dashboard, Courses, Calendar, Messages, Studio, and Help. The main content area is titled 'Recent Announcements' and features a card for 'Bill of Rights Assignment #1, Due Friday, 8/28!'. The card includes a reminder that the assignment is due on Friday, August 28, and was posted on August 17, 2020 at 9:48am. A red circle with the number '1' is drawn around the assignment title, and a red arrow points from it towards the right side of the page.

2. On the next page, students can submit their assignment based on the parameters set by their teacher. Most assignments can be submitted by attaching a file, Google Drive file, PDF, and most other file formats.
 - a. Once an assignment is submitted, [students will see this “Confetti Celebration” to alert them that the assignment was successfully submitted \(click to watch a brief video to see the process in action\).](#)
 - b. The image below also shows the submission details will be listed on the right-side of the assignment page as an additional verification.

The screenshot shows the Canvas assignment submission page for 'Bill of Rights Assignment, #1'. The page includes a navigation sidebar on the left and a main content area. The assignment title is 'Bill of Rights Assignment, #1', and it is due on August 28 by 11:59pm with 10 points. The submission type is 'Submitting a text entry box or a file upload'. A green 'Re-submit Assignment' button is visible. On the right side, the submission status is 'Submitted!' with a checkmark, dated August 20 at 11:32am. A red circle with the number '2' is drawn around the 'Submitted!' status, and a red arrow points from it towards the right side of the page.

3. If an assignment was submitted by a student prior to the due date and they need to re-submit their work because they forgot to answer a question, received feedback from a teacher, decided to add additional information, etc., students are able to re-submit their work easily.
 - a. Simply click on the assignment, then click the **Re-submit Assignment** button. This process is identical to how the assignment was initially submitted.
 - b. Some teachers may place a cap on the number of resubmissions for practical purposes or depending on the type of assignment, while other teachers may choose to leave the number of re-submissions at “unlimited” up to the due date.
 - c. The **Confetti Celebration** should occur on re-submissions as well; students and parents can also check the **Submission Details** on the right-side for that confirmation. See the examples below.
